ARTWORK ON THE COVER

The artwork on the cover, Current Color- A Year on the River, was created by Diana Thomas. Thomas’ statement about Current Color:

“The Current Color collection showcases a unique journey and a personal challenge to paint the Lower Susquehanna River, one painting a week, for over a year. The challenge was meant to make painting more of a habit and not something at the bottom of my ‘to do’ list. It seemed fitting to keep a weekly written record of the progress, the process of making the art, and any particulars about the river itself. Little could I know that a horrible tragedy would strike our family within that year when our daughter and son-in-law both lost their battle with substance overuse, nor could I have foreseen how the metaphor of the constantly flowing river would comfort and soothe my grieving soul. Now that I’ve had several opportunities to show this body of work, I realize the end result was not meant for me alone. The peace and comfort Current Color has brought to many others, also comforts me.”

Paintings on cover, left, “Pequea,” right, “Even the Moon Cried.” Thomas is instructing two courses for OLLI this semester.
MESSAGE FROM THE DIRECTOR

While it is always refreshing to start a new year, 2019 was a wonderful year at OLLI. This past fall semester there were 3,242 enrollments in OLLI courses, 841 more than fall 2018. This is due to several factors, including an increase in courses held on Thursdays and Fridays, an increase in overall membership, and Penn State York allowing us to use larger rooms for courses that exceeded the capacity of what our regular OLLI classroom can accommodate. Many of our new members immediately became active by attending multiple courses, social events, and Special Interest Groups (SIGs.) In addition, our OLLI veterans, those who have been here since 2008, continue to participate in all that OLLI has to offer. It is a pleasure to see so many smiling OLLI faces in the Penn State York hallways.

As always, our Curriculum Committee has developed a magnificent semester of courses for the spring. The New Social: Understanding the Basics of Facebook and Twitter, The York Fair: Past, Present, and Future, Drawing Basics, Lincoln and “The Boys,” Mass Migrations Over the Ages, The Young Bob Dylan, and trips to Annapolis and the Glencairn Museum are just a sample of what is planned. Thank you to the Curriculum Committee for working tirelessly to bring these courses to OLLI and to the more than eighty volunteer instructors who will teach this semester. Our courses are engaging, informative, and provide a unique experience for both the student and instructor. There are no tests, no grades, no homework - only the joy of learning and a unique opportunity to connect with peers. I hope you take full advantage of OLLI this semester.

Last, if you don’t already volunteer, please consider giving back to OLLI with a few hours each month. Volunteers are the heart of OLLI and as our organization grows, so too must our pool of volunteers. Please reach out to the office if you’d like to explore volunteer opportunities.

Please remember that OLLI has moved for a few months as our building is undergoing replacement of the HVAC system. The OLLI office is now located in room 117 on the bottom floor of the Pullo Family Performing Arts Center (The Pullo Center.) OLLI courses will also be held in The Pullo Center this semester. Please see Membership, Registration, and General Information in this catalog for specific information about parking and classrooms.

Cordially,
Jennifer Geubtner-May

ABOUT OLLI

ABOUT OLLI
For adults who never stop experiencing life, there is a place and a community that celebrates learning in a relaxed and accepting environment. We invite you to join us in a learning adventure through the Osher Lifelong Learning Institute at Penn State York (OLLI at Penn State York). OLLI is open to all adults who love to learn.

Founders of The Osher Lifelong Learning Institute (OLLI) at Penn State York through the efforts of three like-minded women (clockwise from left, the late Charmaine Kissinger, Olive Padden and the late Gussie Petron) and several other volunteers, the Osher Lifelong Learning Institute (OLLI) initiated an association with Penn State York. Courses began in April 2008.

What is OLLI at Penn State York?
OLLI at Penn State York was established to enrich the lives of mature adults living in York County by providing a variety of educational and social activities. We are one of more than 124 Osher Lifelong Learning Institutes across the nation that is partially supported by an endowment from the Bernard Osher Foundation. All OLLI’s share two principles: (1) that courses should be for the love of learning, no tests, homework, or stress, and (2) that volunteers are the heart of the organization.

How does OLLI at Penn State York work?
OLLI at Penn State York is a membership organization. Members may participate in any of the OLLI activities, which include courses, trips, social activities, and Special Interest Groups (SIGs.) OLLI activities usually take place during the day and are held on the Penn State York campus.

What are the fees for OLLI at Penn State York?
Because OLLI at Penn State York is largely volunteer-driven, the fees are kept low. Membership dues are $50 per year and are required for many courses. OLLI members’ course and event fees vary according to the length in sessions, cost of course materials, and sometimes due to admission tickets. See course descriptions for fee details. Single-session courses are $8 for members. Nonmembers may take up to three one-session courses for $15 a course. After three courses as a nonmember, you must become an OLLI member to continue to take courses in the fall and spring semesters. Bus trips costs range from approximately $65 to $110 and are open to members and nonmembers.

What does volunteer-driven mean?
OLLI at York has two full-time staff, a director and an administrative assistant. OLLI members who volunteer, as well as our volunteer instructors, are the reason OLLI continues to thrive while keeping fees low. OLLI members can choose from a variety of volunteer opportunities. For example, they may instruct a course, serve on a committee, as a course coordinator, or in a leadership position. Participation is flexible, allowing members to contribute as their schedules permit. If you are interested in volunteering with OLLI, see page 20 with volunteer opportunities or call our office, 717-771-4015.

b. If you hand-deliver your registration to the York OLLI, you must pay by check to Penn State, our office cannot accept credit cards or cash.

5. **Course Confirmation:** You can keep track of your courses in three ways.

   a. Immediately after you register, the online registration system will automatically send you an email for each course that you are registered. Save these emails.
   b. You can print a list of all your courses on one page during registration. (See **How to Register for Courses**/d/xii)
   c. If you do not have a computer, you can request that the OLLI office print a copy of your courses for you.

6. **Cancellation**

   a. Refunds for courses will be given in the form of credit only, no cash. Credit will only be given if you call the office at least one week before the start of the course.
   b. For a refund, multi-session courses must be cancelled for all sessions. Cancellation (with refund) for particular sessions is not allowed.
   c. Because we must pay our tour/bus company based on the number of participants that originally register, refunds for bus trips will only be given if you call the office one month in advance of the trip.
   d. At the end of each semester, all credits will be given back to you. If you registered with a credit card, you will receive a refund soon after you cancel a course. If you paid by check, you will receive a check shortly after the semester ends.

7. **Wait list:** We are attempting to decrease the number of individuals who are put on a wait list. However, this will still occur at times. If you cannot attend a course for which you are registered, please call and let us know so we may add someone from the wait list. If you are on a wait list and a seat opens, our office will email and call the first on the list. If we do not get a response in 48 hours, we will call the next person on the list.

8. **Classroom Directions:** All of our spring 2020 courses will be held in the Pullo Family Performing Arts Center (The Pullo Center.) Whether you enter the building near the box office (if you park in the upper lot) or if you enter on the ground floor (if you park in back of The Pullo Center off of Rathton Road,) there will be signs that have daily courses, times, and locations. Please read these signs and follow the arrows to your classroom. All classrooms are accessible by elevator in the Pullo Center.

**General Information**

1. The OLLI office cannot accept cash or credit cards for any course, tour, or event. Only checks are accepted if you wish to pay in person.
2. **Using a credit card for OLLI courses**, events, tours, and membership online. In the previous sections, instructions have been given to assist you in registering for courses and renewing your membership using a credit card. We accept Mastercard, Visa, AMEX, and Discover. We have begun to encourage this for numerous reasons:
   a. When you enter your credit card online within our system and select **Save this Card**, you never have to do it again unless you cancel or get a new card.
   b. If you cancel a course (within seven days of the course start) you will receive a refund automatically to your credit card.
   c. Your registration is not delayed by traveling through the mail to the University Park office.
   d. Since we will only hold credits for one semester, refunding through a credit card, versus mailing checks, saves time and money for OLLI.
3. **Classroom etiquette:**
   a. Cell phones off
   b. No fragrances
   c. Sign in with coordinator
   d. Respect others’ rights to hold opinions and beliefs that differ from your own.
   e. Complete evaluation form
   f. Thank your instructor
   g. Wait to have personal conversations until after

4. **Parking:** OLLI at Penn State York is fortunate that our members do not have to pay a fee for parking. You are simply asked to place a yellow OLLI parking pass on your dashboard. Each year when you renew your membership, you can pick up your membership card and a parking pass in the OLLI office.

   Construction for the Graham Center for Innovation and Collaboration will continue to take some of the upper parking lot until summer 2020. All of our spring 2020 courses will be held in the Pullo Family Performing Arts Center. Therefore,
   a. If your course is scheduled for the Rehearsal Room, the upper lot is most accessible to this room. If this lot is full, parking in the lower lot behind The Pullo Center (off of Rathton Road) will bring you to the ground floor where you can access an elevator to the top floor and the Rehearsal Room.
   b. If your course is scheduled for Room 114, parking in the lower lot behind The Pullo Center is most accessible to this room.
   c. If you are coming to the OLLI office, parking in the lower lot behind The Pullo Center is most accessible to our office.

5. **Inclement weather:** If Penn State York cancels classes, OLLI classes are cancelled. If Penn State York is on a two-hour delay, the 9:00 a.m. class is cancelled, but the 11:00 a.m. (and after) classes will be held pending the ability of the instructor to get here safely. It is your responsibility to check the following if there is inclement weather:
   a. OLLI at Penn State York’s Facebook page, @OLLIPennStateYork
   b. Our website, olli.york.psu.edu
   c. Penn State York website, york.psu.edu
   d. WSBA 910 AM
   e. WGAL 8 television station
   f. In the event of a two-hour delay, an email will be sent to all 11:00 a.m. class registrants informing them if the instructor is holding the class. A post will also be made on Facebook.

6. **Illness:** If you have an active cold, cough or fever, please stay home and take care of yourself. Help prevent the spread of illness.

Both organizations are less than two miles from OLLI, yet we have never collaborated to serve the community. Both partners have much more diverse elderly populations than OLLI, and partnership would benefit members of all organizations through events that encourage gerodiversity, with the intent to increase all participants’ quality of life. Courses are FREE but with limited availability.

- Exploring the Impact of ‘Isms in Our Society
- Alive Inside: The Power of Music
- A third course will be offered in fall 2020.

TRANSPORTATION TRENDS IN YORK COUNTY (SAFETY, CONGESTION, BUS RIDERSHIP, PAVEMENT AND BRIDGE CONDITION, TRANSIT RIDERSHIP, FLOODED ROADS)
The transportation industry is full of data elements. Data is extremely helpful for transportation decision makers, but a routine evaluation provides a direction greater than an individual snapshot of data. The York Area Metropolitan Planning Organization (YAMPO) is the local decision-making body for transportation improvements. YAMPO reviews several documents on an annual basis that investigate the benefits of safety projects, the condition of the roads and bridges, transit ridership and flooded roadways. We will review some of the data and see which commonly driven roads are included on the watch list.

IN SEARCH OF BALANCE: A DISCUSSION ABOUT PROBLEM GAMBLING
Gambling can be a fun diversion for adults of any age. The great majority of people gamble responsibly, but the pastime can certainly turn into a problem. By the most basic definition, people with a gambling problem are those who risk more than they can afford to lose. Many seniors realize they’re in trouble when they start gambling away rent and prescription money, but some do not. This workshop will talk about the signs and symptoms of problem gambling and resources to support loved ones with this concern.

HISTORY OF BUSINESS AND LEADERSHIP IN RED LION
Red Lion became a business community in southeastern York County that experienced major economic growth in the late 19th century through the mid-20th century through several key agricultural industries. Food production and processing, cigar production, furniture and woodworking, and tool and die industries. These businesses thrived through the depression, growth of unionization, two world wars, and the industrialization in America. There is a lot to be learned from the history of this transition from diverse family farm products and trades to the growth of a community that thrived economically through leadership, industrialization, and business growth.

Coming in the Fall
LIGHTER AS WE GO
Along with Penn State undergraduate students, spend the fall semester discussing current research on happiness, aging, and well-being. Together in intergenerational small groups we will compare experiences on what it means to grow as a human being, how to form habits to help us become the person we would like to be, and how to help others do the same. This very special OLLI course has some fixed and some flexible components. Cost will be comparable to other OLLI multi-session courses.

We will spend one class period per week in the classroom on campus (8 weeks, August 24- October 16.) Join an interest group to do community outings with students; these dates and times will be set to your group's convenience. If you prefer, just come to class to participate in weekly discussions. You will also have the option to continue your experience as a project consultant for a second 8 weeks (October 19- December 18.) Choose your involvement! This course will be featured in OLLI's Fall 2020 catalog. Call with questions or to receive more details. Amber Seidel, 717-771-4029 or ajs49@psu.edu.

WHY A NICE LADY WROTE TWO NOVELS SET IN NAZI GERMANY

When at 50-plus years old, Jeanne Moran learned of a Nazi program focused on genocide of people with disabilities, she was astounded. She was a second generation American of German descent, the sibling of a disabled person, and a practicing physical therapist. Her research into that program took her to archives in Munich, Nuremberg, London, and the Library of Congress. The essence of that research became the backdrop for her first historical novel, Risking Exposure. Her second novel, The Path Divided, was created from a number of seldom-discussed Nazi events and campaigns: the Lebensborn program, the Nuremberg rallies, the Romany people, Kristallnacht, the Kindertransport, and the Rat Line.

PROBLEMS OF OVERBURDENED SYSTEM OF JUSTICE
An overburdened system of justice has problems. When judges exclude evidence, juries can't convict beyond a reasonable doubt and the guilty go free. The poor without property or unable to afford bail can choose to plead guilty to crimes they didn't commit and avoid time in jail awaiting trial. The guilty frequently delay the process and later admit guilt to a lesser offense in exchange for time served. Fixing one problem often exposes others.

HEX MURDERS
The Hex Murder of 1928 has rightfully earned the label “York County’s Crime of the 20th Century.” You have three guys, including two teens, kill a farmer in a remote part of the county as part of a spell to break a spell that the victim, a suspected witch, placed on one or two of them. Or should we say as part of a suspected hex that went awry. The Hex Murder has sometimes been trivialized with haunted hayrides and the like. Sometimes, it’s forgotten that an innocent man died in a brutal, late-night home invasion. This class will explore lessons to be learned from the terrible event and what this moment says about York County, then and now.

MEMBERSHIP ASSISTANCE AVAILABLE
Sometimes life happens, and it can cost more than we expected. If your budget is feeling a pinch, and that's keeping you from registering for a course or event, we can help. The generosity of some of our members has made it possible for us to provide assistance. The process is easy. Just tell the director that you'd like to use some membership assistance money. We don't ask for proof of need and we won't ask any questions. Just ask, we want to see you at OLLI!

OLLI LIBRARY
We have a small lending library in the OLLI office. Please feel free to drop in before or after your course to browse. No library card is necessary.

SPECIAL INTEREST GROUPS (SIGS)
OLLI's Special Interest Groups (SIGs) typically evolve from courses whose participants decide to continue meeting on a regular basis to further pursue their area of study or interest. SIGs are open to all OLLI members who wish to join. Be sure to contact OLLI if you have any suggestions for a group of special interest to you!

Knitting SIG
The Knitting Group meets every Thursday at 1 p.m. unless the campus is closed. All levels of knitting and crochet are welcome. This group is very informal but does send out a weekly reminder to those who regularly attend. Sometimes only two people come, other times there can be as many as ten or twelve! They typically meet in the Pullo Family Performing Arts Center. Inquiries can be directed to Judy Leece at leecesfleeces@yahoo.com.

Mahjong SIG
The Mahjong group meets every Wednesday afternoon from 1:00-3:00 p.m. at the Galleria Shopping Mall food court. All levels of play are welcome. Open to anyone that knows the basics and is willing to learn. Inquiries can be directed to Becky Senft, bsenft@juno.com.

Walking/Hiking SIG
Inquiries can be directed to Pat McGrath, patmcgrath1344@outlook.com.

Cycling SIG
Inquiries can be directed to Phil Shar, pmshar1@hotmail.com.

ACKNOWLEDGEMENT OF RISK, RELEASE OF LIABILITY, AND VIDEO/PHOTO CONSENT

I affirm that I am freely and willingly participating in the programming and activities offered by the Osher Lifelong Learning Institute at The Pennsylvania State University ("Program"). In consideration of my participation in the Program, I agree, on behalf of myself and my executors, heirs, assigns, and any other person claiming by, under, or through me, as follows:

1. I understand and acknowledge that participating in the Program activities involves certain risks (some of which I may not fully appreciate) and that injuries, death, property damage or other harm could occur to me or others. I recognize that I have the option to not participate in these activities instead of encountering these inherent risks. I knowingly and voluntarily accept, incur and assume all risks of any injuries, damages, or harm which arise during or result from my participation in the Program, even if arising from the negligence of the program or others.

2. I consent to The Pennsylvania State University ("Penn State"), its trustees, affiliates, officers, employees, agents (collectively, "Penn State Representatives"), to photograph, video record, or audio record me engaging in activities at the Program (the "Materials"). Without expectation of compensation or other remuneration, now or in the future, I hereby grant Penn State, the irrevocable right and license to use, reproduce, adapt, modify, distribute, display or otherwise exploit the Materials for promotional or educational purposes.

3. I hereby release and forever discharge Penn State, Penn State Representatives and their insurers of any responsibility or liability of any nature to me for any personal injuries, death, property damage, other harm that I may suffer or incur either directly or indirectly as a result of my participation in the Program or use of the Materials.

I HAVE CAREFULLY READ AND REVIEWED THIS ACKNOWLEDGEMENT OF RISK, RELEASE OF LIABILITY, AND VIDEO/PHOTOGRAPH CONSENT. I UNDERSTAND IT FULLY AND I EXECUTE IT VOLUNTARILY WITH THE INTENT TO BE LEGALLY BOUND.
