ON THE COVER

In early fall, OLLI’s Leadership Committee surveyed members to better understand their needs with regard to lifelong learning during this pandemic. The last question of the survey asked, “Is there anything else you would like the Leadership Committee to know?” The answers from this question were developed into a word cloud. A word cloud is an image composed of words used in a particular text or subject, in which the size of each word indicates its frequency or importance. So, the more often a word appears in the text, the bigger and bolder it appears in the word cloud.

OLLI at Penn State York has a Facebook page that is regularly updated. Go ahead and “Follow” us! @OLLIPennStateYork
MESSAGE FROM THE DIRECTOR

As I write this message (mid-November,) we are wrapping up our first semester at community venues as opposed to Penn State York’s campus. While the setting was different, the OLLI spirit was ever-present. Although registrations for courses were down more than half of a non-COVID semester, there were positives aspects.

First, while our registrations were down, those who took in-person courses seemed ecstatic to be learning and connecting with their OLLI friends and instructors. The social aspect of OLLI was never more evident, despite masks and social distancing. With strict safety protocols, we were not only able to provide in-person courses, but also a reprieve from the solitude that COVID has caused for so many. For those who were comfortable, an OLLI course was a great place to be this past fall.

Second, online courses were an adequate replacement for in-person courses for those who did not feel comfortable participating in-person. Online courses didn't provide the social aspect I just mentioned, but still allowed our members to continue as lifelong learners. Technology was definitely an advantage for many.

Last, some members prefer online courses, not only because of COVID, but due to issues with transportation, personal mobility, or they simply like to learn from their living room in their pajamas!

These insights have prompted the Curriculum Committee to begin accommodating all of your needs. This upcoming semester we will offer over ninety in-person courses and twenty online courses. Special thanks to the Curriculum Committee who worked tirelessly to make this pivot and start recruiting instructors for online courses as well as our many in-person courses!

Finally, the past ten months have brought great fluctuations of my emotions. While the saying is overused, these have been unprecedented times. OLLI was no different from other organizations who had to adjust their norms in order to continue to serve their mission. Reflecting on our journey since March, I have developed a list of positive things that I have experienced as director of OLLI as a result of the pandemic.

1. We are not alone. As 1 of 124 OLLIs in the country, the camaraderie of OLLIs during this time has been remarkable. In addition, the support of the National Resource Center (NRC) at Northwestern University was invaluable.

2. We worked even more closely with our sister OLLI at University Park to share resources, ideas, courses, frustrations, triumphs, and lessons learned. I am optimistic that our relationship will continue to grow to benefit both OLLIs.

3. There was no script for managing an OLLI during a pandemic. This forced me to listen more intently to the feedback that was shared by members. I learned to trust my instincts and do what I felt was best. Truthfully, I won some and I lost some.

4. The pandemic made it crystal clear that OLLI has two staff members but is volunteer driven. The list of what volunteers have helped with during this pandemic is incredible. Thank you to the curriculum, development, growth and marketing, leadership, membership, and social committees!

5. While having to sit at the registration table for each course was an atypical task for me, I got to know so many OLLI members, put faces to names, and met all our instructors. For me, this was a great benefit of these odd times.

6. Last, while being a part of a large university has challenges, we would not have survived the past ten months financially without the support of Penn State. Thank you to Penn State, and most importantly, our colleagues in Outreach and Professional and Community Engagement (PACE) for believing in the importance of OLLI and the value that we bring to Penn State.

To those who have said, “I’ll become a member again when the pandemic is over,” we can’t wait to welcome you back. For the “a pandemic isn’t going to stop me from participating in OLLI” crowd, we look forward to seeing you in March! For the, “I don’t love Zoom but it is good enough for now” and the “I really like Zoom, can OLLI please add this to your regular schedule,” I hope the Zoom selections this semester pique your interest. Thank you to all members for being flexible as we navigate the ever-changing landscape of lifelong learning during a pandemic.

Cordially,
Jennifer Geubtner-May, Ed.D.
Due to the necessity to social distance our members, OLLI will hold our spring in-person courses at Wisehaven Terrace Hall on Monday, Tuesday, and Wednesday. We will hold Zoom courses on Thursday and Friday.

OLLI COVID-19 Protocols

COVID-19 is more easily transmitted through close or prolonged contact with an infected person and is more dangerous to those with underlying medical conditions. To reduce the risk of exposure for our members, OLLI has established the following protocols. All OLLI staff, instructors, and members will be expected to enforce these guidelines. The guidelines are written as they will be shared with OLLI members and partners.

OLLI WILL ENSURE THE FOLLOWING:

• All participants, instructors, and members will provide and be required to wear face coverings for the duration of programming.
• At least 6-feet will be maintained between each person.
• The number of participants per course will be dictated by the locations’ ability to social distance.
• No handouts will be provided in OLLI courses. If an instructor has handouts to share, she/he will electronically forward them to the OLLI office prior to class and the office will forward to all registrants. You can print the handouts at home if you choose to.
• OLLI at Penn State will confirm the cleaning and sanitization practices at each location conform to the CDC recommendations.
• Enhanced cleaning procedures will take place before and after each course.
• An attendance list will be maintained along with self-health check completion and contact information for all in attendance.
• OLLI will follow proper Office of General Counsel recommendations for use of a release statement or acknowledgment as communicated by Pam Driftmier.

Members and Instructors will comply with the following:

• If you have been traveling to a location that is known to have high numbers of COVID-19 cases, you will not attend an OLLI course for fourteen days following your return to your home community.
• You are required to conduct a health self-assessment which consist of two steps.
  1) Determine if you have experienced any COVID-19 symptoms (per CDC updated list): cough, shortness of breath or difficulty breathing or at least two of the following symptoms: fever – subjective fever (feeling feverish or temperature of 100°F or higher, chills, headache, sore throat, repeated shaking with chills, muscle pain, new loss of taste or smell.
  2) Check your temperature and register a temperature of less than 100°F.

As you arrive, OLLI staff will:

• Ask “Have you passed your health self-assessment?”.
• Only admit individuals who answer “yes” and record that answer on the participant check-in list. Individuals failing the self-assessment, by either answering “no” or not completing it, will be denied admittance to the program and the program fee should be refunded.
• Prior to entering an OLLI classroom wash your hands for at least 20 seconds with warm water and soap or use hand sanitizer.
• You will provide and be required to wear face coverings for the duration of programming. Specifically:
  • Indoor: Masks are to be worn at all times. You will not be permitted to enter or remain in an OLLI course if you do not have and wear a mask.
  • Outdoor: While masks are to be worn as often as possible, they may be removed during times of high physical activity, such as biking or hiking, if social distancing of at least 6 feet can be maintained between participants. If you stop for a break or discussion, masks may be worn.
• If you test positive for COVID-19 within two weeks of attending a course or event, you are to report the illness to the OLLI director as soon as possible. OLLI at Penn State will then follow Penn State’s guidelines for reporting and contact tracing.
ABOUT OLLI

ABOUT OLLI
For adults who never stop experiencing life, there is a place and a community that celebrates learning in a relaxed and accepting environment. We invite you to join us in a learning adventure through the Osher Lifelong Learning Institute at Penn State York (OLLI at Penn State York). OLLI is open to all adults who love to learn.

Founders of The Osher Lifelong Learning Institute (OLLI) at Penn State York
Through the efforts of three like-minded women (clockwise from left, the late Charmaine Kissinger, Olive Padden, and the late Gussie Petron) and several other volunteers, the Osher Lifelong Learning Institute (OLLI) initiated an association with Penn State York. Courses began in April 2008.

What is OLLI at Penn State York?
OLLI at Penn State York was established to enrich the lives of mature adults living in York County by providing a variety of educational and social activities. We are one of more than 124 Osher Lifelong Learning Institutes across the nation that is partially supported by an endowment from the Bernard Osher Foundation. All OLLI's share two principles: (1) that courses should be for the love of learning, no tests, homework, or stress, and (2) that volunteers are the heart of the organization.

How does OLLI at Penn State York work?
OLLI at Penn State York is a membership organization. Members may participate in any of the OLLI activities, which include courses, trips, social activities, and Special Interest Groups (SIGs.) OLLI activities usually take place during the day and are held on the Penn State York campus. Please note, due to COVID-19 and social distancing guidelines at Penn State York, OLLI courses will be held at Wisehaven Terrace Hall in spring 2021.

What are the fees for OLLI at Penn State York?
Because OLLI at Penn State York is largely volunteer-driven, the fees are kept low. Membership dues are $50 per year and are required for many courses. OLLI members’ course and event fees vary according to the length in sessions, cost of course materials, and sometimes due to admission tickets. See course descriptions for fee details. Single-session courses are $8 for members. Nonmembers may take up to three one-session courses for $15 a course. After three courses as a nonmember, you must become an OLLI member to continue to take courses in the fall and spring semesters. Bus trip costs range from approximately $65 to $110 and are open to members and nonmembers.

What does volunteer-driven mean?
OLLI at York has two full-time staff, a director, and an administrative assistant. OLLI members who volunteer, as well as our volunteer instructors, are the reason OLLI continues to thrive while keeping fees low. OLLI members can choose from a variety of volunteer opportunities. For example, they may instruct a course, serve on a committee, as a course coordinator, or in a leadership position. Participation is flexible, allowing members to contribute as their schedules permit. If you are interested in volunteering with OLLI, see page 15 with volunteer opportunities or call our office, 717-771-4015.

Disclaimers
Individuals acknowledge and assume all risk associated with participation in OLLI activities. OLLI makes no representation regarding the appropriateness of any activity for an individual. OLLI disclaims any and all liability for each individual's participation in said activities. If a program involves physical activity, participants are responsible for wearing the proper attire and using the proper equipment (if applicable.) It is highly recommended that participants consult their physician before participating in physical activity. OLLI disclaims all liability for each individual's participation in any program that involves physical activity. OLLI at Penn State York provides a venue for classes; the content, views and opinions of the instructors are their own and do not necessarily represent the views of OLLI at Penn State York, The Pennsylvania State University, or the Osher Foundation.

OLLI at Penn State York reserves the right to take photographs or videos during the operation of any program and to use them, whether taken by a representative of OLLI at Penn State York or by other participants, for promotional purposes. By enrolling in an OLLI at Penn State York course or event, participants agree to allow their images to be used in such photography. Participants who prefer that their images not be used are asked to contact the OLLI at Penn State York office at 717-771-4015.
OLLI at Penn State York is a vibrant, exciting community where members learn, volunteer, and thrive. With assistance from the Bernard Osher Foundation, OLLI has created an endowment. However, we need your support to create sustainability.

WHAT IS A LEGACY GIFT?
Legacy gifts, also called planned or estate gifts, are a crucial source of future funding that would allow OLLI to continue to provide high-quality programming for years to come. It is a legacy gift to the extent that you purposefully incorporate a charitable gift into your overall financial, tax, and estate planning. Your contribution may even provide immediate tax benefits for you or tax benefits for your heirs. The Pennsylvania State University provides thorough and fully transparent oversight of your gift. Designating your gift to OLLI at Penn State York ensures that OLLI at Penn State York will exclusively benefit from your generosity.

WHY GIVE A LEGACY?
- Sustain OLLI at Penn State York for generations to come so your children and grandchildren can look forward to OLLI in their retirement.
- Let your love of OLLI become your legacy.
- Take advantage of the many tax benefits of legacy giving.

LEGACY GIVING EXAMPLES

Appreciated Securities
You avoid capital gains taxes on the increased value.

IRA Charitable Rollover
Giving directly from your IRA to OLLI is considered part of your required minimum distribution (RMD) yet is not reported as income for tax purposes nor do you receive a charitable income tax deduction.

Real Estate
When you give us appreciated property you have held longer than one year, you qualify for a federal income tax charitable deduction. This eliminates capital gains tax and you no longer have to deal with that property’s maintenance costs, property taxes or insurance.

Provide a Gift in Your Will (Bequest,) Trust, or Estate Plan
Charitable Lead Trusts
A charitable lead annuity trust pays a fixed amount each year to OLLI and is more attractive when interest rates are low.

A charitable lead unitrust pays a variable amount each year based on the value of the assets in the trust. With a unitrust, if the trust’s assets go up in value, for example, the payments to OLLI go up as well.

Life Insurance or Annuity Policy
With guidance from your financial planner or lawyer, The Pennsylvania State University’s Director of Gift Planning, and OLLI at Penn State York’s Director can help you determine the best circumstances for you and help you create a plan that will impact OLLI for generations to come. Any gift makes a difference.

If you are interested in receiving further information or discussing your plans to assure your gift is correctly designated to benefit OLLI, please contact OLLI at Penn State York’s Director, 717-771-4107. All discussions are confidential.

HISTORY OF BUSINESSES AND LEADERSHIP IN RED LION (REPEAT)
Red Lion, Pennsylvania, became a business community in southeastern York County that experienced major economic growth in the late-19th century through the mid-20th century through several key agricultural industries. These include: food production and processing, cigar production, furniture and woodworking, and tool and die industries. These businesses thrived through the depression, growth of unionization, two world wars, and the industrialization in America. There is a lot to be learned from the history of this transition from diverse family-farm products and trades to the growth of a community that thrived economically through leadership, industrialization, and business growth.

Date: Monday, March 29
Time: 1:00-2:30 p.m.
Place: Wisehaven Event Center, Terrace Room
Fee: $8 members/$15 nonmembers

Lance Grove was born and raised in Red Lion, Pennsylvania and is a lifelong resident of the area. He spent a forty-year career in health care in various capacities from paramedic to systems quality, research, and data management. His passion for history came from his mother who was the family genealogist and historian. Both his maternal and paternal lineage date back to the mid-1700s in southeastern York county and were involved in farming, business, and owned one of the largest cigar businesses in Red Lion from the 1920s through 1980.

HOLLYWOOD CLASSICS I - THE 39 STEPS
From 1935 starring Robert Donat and Madeleine Carroll, this movie was directed by Alfred Hitchcock and has closed captions.

Date: Monday, March 29
Time: 3:00-5:30 p.m.
Place: Wisehaven Event Center, Terrace Room
Fee: $8 members/$15 nonmembers

LINCOLN AND STANTON
This course will present the relationship between President Abraham Lincoln and his Secretary of War, Edwin Stanton. The President relied on Stanton, and they spent a great deal of time together at the War Department. They did not always see eye to eye, but they were simply two professional politicians who tolerated one another in order to achieve a common goal. Photographs, paintings, prints, and other memorabilia dealing with Lincoln will be shared with the class.

Date: Monday, April 5
Time: 9:00-10:30 a.m.
Place: Wisehaven Event Center, Terrace Room
Fee: $8 members/$15 nonmembers

Reverend Curt Weber is a retired minister who has a masters of divinity degree from Lancaster Theological Seminary and a bachelor’s degree from Elizabethtown College. He served as pastor at St. John’s Blymire’s United Church of Christ in Dallastown, Pennsylvania, for twenty-four years and is Pastor Emeritus of that church. He has done extensive research on the Civil War and Abraham Lincoln. He has read and viewed over a hundred books and DVDs on each subject.

Adelheid (Heidi) Deren, as a former German citizen, has a keen interest in Europe’s attempt for a peaceful coexistence. To that extent, she has studied, taught, and traveled to the pertinent cities.

**PRISONERS OF GEOGRAPHY (PARTS 3, 4, AND 5)**
Have you ever wondered why Vladimir Putin is so obsessed with Crimea? Why China’s power base continues to expand outward? Why the United States of America was defined as a global superpower? All world leaders are constrained by geography. Their choices are limited by mountains, rivers, seas, and concrete. Yes, to follow world events you need to understand people, ideas, and movements, but if you don’t know geography, you’ll never have the full picture. This course is a continuation of an earlier class and in three sessions will examine several examples of how and why several nations and their leaders have been impacted by geographic realities, some even to the extent of being held prisoner by these realities. This is the essence of the term “geopolitics.” Continuing from the previous class, subjects will include the Middle East, India and Pakistan, Korea and Japan, Latin America, the Arctic, and the United States.

**Date:** Mondays, April 19, 26, and May 3  
**Time:** 11:00 a.m.-12:30 p.m.

IN SEARCH OF BALANCE: A DISCUSSION ABOUT PROBLEM GAMBLING
Gambling can be a fun diversion for adults of any age. The great majority of people gamble responsibly, but the pastime can certainly turn into a problem. By the most basic definition, people with a gambling problem are those who risk more than they can afford to lose. Many seniors realize they’re in trouble when they start gambling away rent and prescription money, but some do not. This workshop will talk about the signs and symptoms of problem gambling and resources to support loved ones with this concern.

AWAKENING THE SAGE WITHIN
How do you want to live your later years? During this highly-interactive series of workshops this question and other “Sage-ing” concepts will be examined. We will explore images of aging and the role of spiritual development in our life. Life review, forgiveness work, and issues surrounding mortality will also be discussed. Finally, we will begin the development of a personalized elder plan which will include exploring what your legacy will be and how you can serve others.

Date: Tuesdays, March 2, 9, 16, and 23
Time: 9:00-10:30 a.m.
Place: Wisehaven Event Center, Terrace Room
Fee: $32, member only

Christine Harrop-Stein, Ph.D., is a gerontologist and health educator with a special interest in spiritual aging. She practices and studies spiritual aging (age-ing to sage-ing) using the curriculum developed by Rabbi Zalman Schachter-Shalomi of Sage-ing International. Harrop-Stein has twelve-years experience teaching gerontology at the college level.

TERRORISM AND HOMELAND SECURITY IN THE UNITED STATES: SOME HISTORICAL PERSPECTIVE
America has had a long history of combating terrorism, from anarchist inspired to Moros to contemporary right wing and Islamic fundamental extremism, our nation has struggled with maintaining public safety, while preserving our constitutional rights. We have also dealt with foreign agents and mass murder; the perpetrators of which may not be politically motivated. Each era teaches crucial lessons which may aid us in preparing for the next wave of terror. The only thing new is the history we haven't learned.

THE TITANIC: WHY DID IT SINK?
Who could have known that on the chilly morning of April 10, 1912, the pride of the British White Star Line, the recently completed RMS Titanic was to be its last voyage as she sailed into passenger vessel history? Ken Weiler will discuss the chain of chance events that led a 46,325-ton ship, the unsinkable Titanic, to strike an iceberg in the North Atlantic Ocean. He will also describe White Star’s choice to forego speed for luxury in the keen competition for passengers on those crowded shipping routes, ship construction, and the water tight doors. The new communication medium of radio telegraphy and the state of Morse code communications in the early years of the 20th century, why it took so long for vessels to arrive to rescue Titanic’s passengers, and many more questions about the most beautiful passenger ship ever built will be answered.

WHAT YOU SEE IS WHAT YOU GET...OR IS IT?

Our senses take in information from around us all the time. We believe that we see everything realistically. We DO NOT. We live based on what we THINK reality is. That is the basis of most fights and relationship breakdowns. Stages of perception. Our senses can deceive us. Why do we see things differently? How can we change our misperceptions?

A BRIEF HISTORY OF THE ENGLISH LANGUAGE

The long, bumpy road to English is a story about conflict and survival going back to the arrival of Celtic peoples who inhabited the isles long before Greek and Roman explorers. This rich Germanic based language is a mix of many languages. Greatly influenced by Latin and Greek, the language spread throughout the world. Learn how the language of Chaucer and Shakespeare evolved and changed through internal and external influences, including those that caused English spelling to be convoluted.

CREATE AND PRINT A MEMORY BOOK WITH YOUR OWN PHOTOS

Two instructors will present brief demonstrations on how to create and print books using one’s own photos. After the demonstrations, participants will have time to download free programs into their computers (Apple or PCs) and begin to create books from their own uploaded photos. These books can then be ordered online for printing (at the participant’s expense). Presenters will circulate to help as needed. Participants should bring a laptop (PC or Apple) with photos that they want to use in their books already uploaded into their computers. PLEASE NOTE: The instructors will help participants begin to create a book with an online company, but the time allowed for the class may not allow actual ordering of the book that is to be printed. This may need to be finished at home. The intent is to teach the participants the PROCESS and to be there while they get started. It will not be possible for participants to leave with a printed book in their hands.

THOSE WONDERFUL ROOSEVELT WOMEN (REPEAT)
Two Roosevelt presidents shaped American politics for half of the 20th century. Both had fathers who died while they were young. So, all the women in the family, for two generations, united in a closed-circuit orbit of support for Teddy and Franklin. They offered advice, support, and opportunity for political success, and indeed, both men did succeed! Alice Roosevelt (a.k.a. Mikele Stillman) will tell us about these nine remarkable women, including Eleanor, who helped shape American history.

PEACH BOTTOM SLATE INDUSTRY AND THE WELSH IMMIGRANTS
Little Wales in America! This is a story of immigration and an industry that very few people have been exposed to but most find interesting and unique. The roofing slate industry and the people from Wales who came here looking for opportunity are extremely inter-related and could not have existed in America without being connected.

Date: Tuesday, May 18
Time: 9:00 a.m.-10:30 a.m.
Place: Wisehaven Event Center, Terrace Room
Fee: $8 members/$15 nonmembers

Don Robinson has spoken to various organizations and tour groups on the Peach Bottom slate industry and the Welsh immigrants who settled this area.

THOSE OLD COINS: COLLECTING, BUYING, SELLING
Touching on various areas of numismatics, such as coins, paper money, medals, new and tokens, this is designed as an introduction to the joys of collecting lots of small objects that reflect history and don’t take up much space in your study. The focus will be on collecting, maintaining, and valuation of a collection, and will include avenues of both purchasing for your collection as well as selling it.

Date: Tuesday, May 18
Time: 11:00 a.m.-12:30 p.m.
Place: Wisehaven Event Center, Terrace Room

THE CANE ACTIVE THREAT MODEL:
A ROADMAP FOR MANAGING VIOLENCE
The CANE Model breaks down what people need to know when there is a shooting, stabbing, etc: C: Cover, concealment (hiding), calming; A: Assessment (pre-event and event); N: Notification (communication with key personnel during a crisis); E: Escape (run) or engage (fight). This is important because we have omitted the element of Time in our response to active shooting. There are those who wish to over simplify the active threat problems. Run, hide, fight is an attempt to do that.

Date: Tuesday, May 25
Time: 11:00 a.m.-12:30 p.m.
Place: Wisehaven Event Center, Terrace Room

PROBLEMS OF AN OVERBURDENED SYSTEM OF JUSTICE
An overburdened system of justice has problems. When judges exclude evidence, juries can't convict beyond a reasonable doubt and the guilty go free. The poor without property or unable to afford bail can choose to plead guilty to crimes they didn't commit and avoid time in jail awaiting trial. The guilty frequently delay the process and later admit guilt to a lesser offense in exchange for time served. Fixing one problem often exposes others. Well-meaning people want to protect the innocent, restrain the violent, and rehabilitate delinquents. Local officials created police forces and assigned responsibility. Local taxes paid the watchmen, patrolmen, the rapid response forces, and ultimately, the multi-tasked full-service agencies. The power to arrest has been quite constant, yet police responsibility has grown significantly. With arrests as a measure of performance, police make the easy arrests that add to the problems of a dysfunctional system of justice.

WHEN THE STILLS WENT QUIET: PROHIBITION IN YORK COUNTY
From its earliest years, York County was a producer of alcoholic beverages: beer, wine, and whiskey. There was a day when most county farms produced spirits with homegrown stills. When Prohibition went into effect a century ago in 1920, it had a major impact on York County producers and residents. This course will tell about York County in the decade-plus when the Constitution banned the production and sale of alcoholic beverages.

SUPREME COURT DECISIONS OF JOHN MARSHALL: THE COURT MAKES A NATION
The founders never expected the Supreme Court to be a major force in the forging of a strong central government, but the Supreme Court, led by Chief Justice John Marshall, through several key decisions, created the legal framework by which the federal government of the United States rather than the individual states, would increasingly control matters of separation of powers, executive and legislative authority, and the limits of states rights. This course will explore Marshall's influence on the court and the significance of a few key court decisions.

GEOGRAPHY - IT’S NOT JUST ABOUT STATE CAPITALS AND EXPORTS OF PERU
When many people consider the term geography they often harken back to their days of grammar school and learning the United States capitals and the exports of countries like Peru. These can be important facts to know, but the discipline of geography is so much more interesting and valuable. This course will present the various specialties of the discipline: physical geography, human geography, political geography, historical geography, economic geography, urban geography, and more. Emphasis will be on the current state and role of the discipline of geography and the current trend towards the marriage of geography and the humanities (history, literature, anthropology, etc.).

Date: Thursday, March 11
Time: 11:00 a.m.-12:30 p.m.
Place: Online, Zoom (link will be sent the day before the class)

Beck teaches World Regional Geography and Geographic information Systems at York College of Pennsylvania.

DISCOVERING WORLD WAR I: FROM PENNSYLVANIA TO FRANCE AND BACK
The recent centennial of World War I (WWI) briefly brought The War to End All Wars back into the news. From now on America’s “forgotten war” is likely to be truly forgotten. Potter will present selected aspects of United States WWI involvement that he discovered through travel in the rural regions of France where more than 115,000 doughboys died in less than a year, and where 35,000 are buried or commemorated as missing in action in American WWI cemeteries.

Date: Thursday, March 11
Time: 1:00-2:30 p.m.
Place: Online, Zoom (link will be sent the day before the class)
Fee: $8 members/$15 nonmembers

Bob Potter is a fifty-year resident of Centre County and is retired as executive director of the Centre County Community Foundation. He has traveled throughout the areas in France of major U.S. troop involvement in WWI and has discovered the graves of members of the Boal Troop from central Pennsylvania in the unvisited American WWI cemeteries there.

THE SECRET OPERATION THAT FOREVER ALTERED THE MIDDLE EAST
This course focuses on a 1948 operation that saved newborn Israel. Its members, mostly American WWII vets, Jews and non-Jews, risked their lives to prevent a second Holocaust. Dvir, an award-winning filmmaker and The Pennsylvania State
University professor, spent more than a decade researching their stories. After interviewing nearly thirty operation members and their families, Boaz Dvir directed and produced the PBS film, *A Wing and a Prayer*, which won Best Documentary at the 2016 Fort Lauderdale International Film Festival.

**Date:** Thursday, March 18  
**Time:** 1:00-2:30 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)  
**Fee:** $8 members/$15 nonmembers

Award-winning storyteller Boaz Dvir is the author of *Saving Israel* (Rowman & Littlefield, 2020), which follows WWII aviators who risked their lives and freedom in 1948 to prevent what they viewed as an imminent second Holocaust.

*Washington Times* book reviewer Joshua Sinai described it as a “fascinating and dramatic account filled with lots of new information about a crucially formative period.”

**HEX MURDERS**

The Hex Murder of 1928 has rightfully earned the label, York County's Crime of the 20th Century. Three guys, including two teens, kill a farmer in a remote part of the county to break a spell that the victim, a suspected witch, placed on them.

Part of a suspected hex that went awry? The Hex Murder has sometimes been trivialized with haunted hayrides and the like. Sometimes, it’s forgotten that an innocent man died in a brutal, late-night home invasion. This class will explore lessons to be learned from the terrible event and what this moment says about York County, then and now.

**Date:** Thursday, April 8  
**Time:** 11:00 a.m.-12:30 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)

**Time:** 1:00-2:30 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)  
**Fee:** $8 members/$15 nonmembers

Sonya Bloom has facilitated TED Talk discussions for OLLI for several years.

**MONOCLONAL ANTIBODIES - MAGIC BULLETS FOR TREATING CANCER**

Seven of the top-selling drugs are monoclonal antibodies, specifically designed to treat cancers and autoimmune disorders. Andrew Zydney will examine the history of monoclonal antibodies and why they are viewed as "magic bullets" for treating cancer. We will also discuss some of the challenges, including their very high cost, typically $50,000 per year per patient.

**Date:** Thursday, April 22  
**Time:** 11:00 a.m.-12:30 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)

**Fee:** $8 members/$15 nonmembers

Sheila Martin has been traveling the world ever since her road vacationing childhood, now journeying with an eye toward athleticism, adventure, science, and less predictable destinations to achieve these ends.

**ENJOYING POETRY**  
Poetry is an enjoyable reading experience that illuminates some of life’s most important moments. Participants will explore a few of the poet’s tools and a sampling of the classics, but most of our time will be spent on reading contemporary writers as they explore life experiences we can all relate to. You will want to print the files of the poems we are reading. It isn’t necessary to study them beforehand, but you will find that your ability to follow the text in print will enhance your enjoyment and understanding.

**Date:** Thursdays, May 6, 13, 20, and 27  
**Time:** 10:30 a.m.-12:00 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)  
**Fee:** $32, members only

Michael Bourgo is a lifelong poetry enthusiast, whose verse has been recognized in state and national competitions and has appeared in several publications. He has published nine volumes of verse spanning a wide range of genres. Bourgo has taught for OLLI at The Pennsylvania State University since 2016 and leads several writing groups in the State College community.

**CLIMATE AND HEALTH**  
The climate is changing and our health is suffering on many fronts. This course documents the science of climate change over the eons and the changes we have been and are seeing today. Our only hope for future generations is to decrease our fossil fuel use now and increase our energy efficiency and renewable use.

**Date:** Thursday, May 20  
**Time:** 1:00-2:30 p.m.  
**Place:** Online, Zoom (link will be sent the day before the class)  
**Fee:** $8 members/$15 nonmembers

He has received the American Lung Association’s national volunteer excellence award.
FRIDAY CLASSES on ZOOM

HOW THE INTERNET HAPPENED
This course will trace the humble beginnings of the internet from a technology useful only to scientists and the military to everyday users. We will trace the stunningly lucrative years and show how this once niche scientific tool has exploded into something utterly indispensable. We will explore the beginnings of web browsing to the explosion of Facebook and one particularly useful tool...the smartphone!

Date: Friday, March 5
Time: 11:00 a.m.-12:30 p.m.
Place: Online, Zoom (link will be sent the day before the class)
Fee: $8 members/$15 nonmembers

Barry Gordon is now an active senior. He was a businessman for more than thirty-five years as co-owner of Quality Cleaners in Lemoyne, Pennsylvania. He is now a senior-tech tutor having turned in a lifetime of learning about gadgets to teaching people about the latest technology. His mission is to help anyone who is interested in using electronics to enhance their quality of life. Gordon's job is to help people find the best way to address specific personal needs through the use of their equipment. Look him up at www.SeniorTechTutor.com. Also, you may learn from a 2 Minute Tip on his YouTube channel, just search "SeniorTechTutor."

MAKING USE OF HISTORY: HISTORY AS A LESSON FOR THE PRESENT AND FUTURE
This course will examine how history is used, in the form of analogy or comparison, to try to persuade us to understand the present, or prepare for the future, in a certain way. Historical analogies are often used in American political rhetoric to make arguments about political figures or to shape policy. This course will allow us as participants to think about the usefulness, but also perils, of historical analogy. Topics might include Hitler and the Holocaust, the Vietnam War, World War II, and the Roman Empire.

Date: Fridays, April 23, 30, May 7, 14, 21, and 28
Time: 1:00-2:30 p.m.
Place: Online, Zoom (link will be sent the day before the class)
Fee: $48, members only

Kay McAdams is a professor of history at York College of Pennsylvania, as well as the director of general education for the college. She teaches a range of courses, including Western Civilization, Nazi Germany and the Holocaust, Women and War, Holocaust in Film, Methods and Theory in History, and a first-year seminar for freshman on food issues and choices.

CULINARY CULTURE OF THE GERMAN SPEAKING WORLD
"Tell me what you eat, and I will tell you who you are." The words of French lawyer, politician, and epicure Anthelme Brillat-Savarin are as true today as when he penned them in 1825. While Germany is famed for its bratwurst, apple strudel, and beer, each of these cultural icons tells a story about the culture that made them famous. In this session, we will explore these three famed staples, and others as a gateway into the richness and diversity of the foods and beverages of the German culture.

Date: Friday, April 23
Time: 3:00-4:30 p.m.
Place: Online, Zoom (link will be sent the day before the class)
Fee: $8 members/$15 nonmembers

Dr. Mary Boldt teaches German at York College of Pennsylvania, where she is the faculty liaison for the college’s exchange program with Kufstein (Austria) University of Applied Sciences. She studied in Freiburg, Germany, during Germany’s transformation from two divided nations to a single, unified country.

EGYPTIAN ART: THE PYRAMID COMPLEX AT GIZA AND KING TUT’S TOMB
Egyptian culture dominated the Mediterranean for millennia, and its powerful art still fascinates today. Two icons of this culture will be presented in depth: the pyramid complex at Giza (the only surviving Wonder of the Ancient World) and Tutankhamun's tomb (the most complete burial of a pharaoh). We will also look at the Palette of Narmer and the bust of Nefertiti.

Date: Friday, May 14
Time: 9:00-10:30 a.m.
Place: Online, Zoom (link will be sent the day before the class)
Fee: $8 members/$15 nonmembers
Kathryn McClintock has a master's degree in art history from The Pennsylvania State University and has taught the introduction to art course through Penn State Outreach for more than twenty years.

**PERPETUAL IMMIGRANTS: THE ASIAN AMERICAN STORY**
The first Asians arrived on the North American continent in 1763, but the history of Asians in the United States is not widely known, even today, they are often considered to be perpetual immigrants. In this class, we will explore the diverse experiences of Asian Americans over the years, as well as the many American ideas and institutions that are the contributions of Asian Americans.

Date: Friday, May 14  
Time: 11:00 a.m.-12:30 p.m.  
Place: Online, Zoom (link will be sent the day before the class)  
Fee: $8 members/$15 nonmembers

Nalini Krishnankutty Ph.D. is an immigrant American, an engineer turned writer, educator, and speaker. Her TEDxPSU talk on “How Immigrants Shape(d) the United States” is widely used in classrooms and workplaces to discuss diversity, equity, and inclusion issues based on the immigrant experience. Krishnankutty writes children’s books and serves on Governor Wolf’s Advisory Commission on Asian Pacific American Affairs.

**TOURS**

**MILLBOURNE TOUR (APPELL PROPERTY)**
This tour will be up to three hours long, depending on members’ questions and degree of fatigue. The main groundskeeper will conduct the tour and share information about the plantings at the estate, as well as the estate's history and structures. This tour should interest hobbyist gardeners and landscapers as well as those who are simply curious about the Appell’s property and contributions to York. Good walking shoes are a must for the tour.

Date: Thursday, April 8  
Time: 8:30 a.m.-12:30 p.m. (Please arrive early so group can leave campus by 8:30 a.m.)  
Place: OLLI at Penn State York, Group will meet at the lower parking lot at Albemarle Street and Springdale Road to arrange the carpool and will leave from campus at 8:30a.m. This must be a carpool trip due to the number of vehicles that can be accommodated at the property.  
Fee: $8 members/$15 nonmembers

Chris Paules is the groundskeeper at the Millbourne property and is very knowledgeable about the plants at the estate as well as the estate's history and structures.

MEMBERSHIP, REGISTRATION, AND GENERAL INFORMATION

Membership

1. **OLLI membership**: Dues are $50 a year on a rolling basis. A membership is valid for 365 days from the day you join. Membership can be renewed no sooner than 30 days before your current membership expires. Instructions on becoming a member or renewing your membership online are detailed below.
   a. Membership enables members to pay a reduced price ($8) for most single-session courses. Membership also entitles you to other benefits highlighted on page 38.
   b. In fall of 2019, we implemented a new policy. Nonmembers may take up to three courses, trips, and/or special events in a lifetime. After three registrations as a nonmember, you must become an OLLI member to continue to take courses in the fall and spring semesters. Summer and winter semesters do not count toward the three nonmember registrations.

2. **Becoming a member or renewing membership.**
   To ensure signature of The Pennsylvania State University Liability Waiver, annual membership purchases can be completed in one of two ways:
   a. To become a new member or renew your membership online:
      i. Go to our website, olli.york.psu.edu
      ii. Click the **Membership** tab
      iii. If you are new, create a User Name and Password. PLEASE WRITE IT DOWN AND SAVE IT.
      iv. If you are renewing membership, login at the top right of your screen. Click the red **Select**.
      v. You must click the "I have read and agree..." box under **Terms of Use**.
      vi. Select **New Card** if you have never paid by credit card with OLLI and complete all of the information. Select **Save This Card** so OLLI can automatically refund your card for dropped or canceled courses.
      vii. Select **Submit**
   b. To become a new member or renew your membership offline:
      i. Complete the membership information on the Course Registration Form inside this brochure.
      ii. With payment included, mail it to the Penn State address on the form.
   c. Annual Memberships CANNOT be purchased by phone.

3. Due to COVID restrictions, membership **cards and lanyards** will not be distributed this semester. Your member or nonmember status will be confirmed when you check-in for each course with the course assistant.

4. **How do I know when to renew my membership?** There are three easy ways:
   a. Look on your current membership card. It will always have your membership expiration date.
   b. OLLI will send you an email approximately 30 days before your membership expires.
   c. You can also:
      i. Go to our website, olli.york.psu.edu.
      ii. Once logged in, in the top right of the screen you will see, **Hello (Your Name.)** Beside your name is an icon of a gear. Click the gear.
      iii. You will be taken to a page that will have **My Account** in a red box on the left of your screen. Click **My Account**.
      iv. Scroll to the bottom of this page. You will see **Contacts, Addresses, My Registrations**... Click on **Memberships** and it will show you the start and end date of your current membership.

Registration

1. **Registration is required prior to all courses.** Walk-ins are not allowed.

2. **OLLI members** may register for courses two weeks prior to nonmembers.

   **Registration for spring 2021 begins:**
   a. Monday, January 25, 2021, at 8:00 a.m. for members.
   b. Monday, February 8, 2021, at noon for nonmembers.
   * Due to COVID, there are only two ways to register for courses this semester, online or mail your Course Registration Form to University Park. See details below.

3. **Course fees** are detailed in **Course Offerings** under each course.

4. **How to register for courses**

   **Online**
   a. Go to our website, olli.york.psu.edu
   b. On the Home (first) page, scroll to the bottom. Click on the red button, **Register for Courses Online**.
   c. Login with your Username and Password at the top right of your screen.
   d. On the left, under Search Options, choose the following:
      i. Select Semester: **Fall 2020**
      ii. Medium and Program Type: Keep both at **Any**
      iii. Day: *This is a new feature. You can search for courses by day of the week.
      iv. If you do not want to search by day of the week, just select the red **Search** button under Programs/Bundles and all courses will be listed **alphabetically**.
      v. Select **Register** for a course you want.
      vi. If you want to register for more courses, select **Continue**. This will take you back to the list of courses where you can register for additional courses. If you look at the top of your screen, to the left of your name is a small shopping cart.
As you add courses for the semester, this number will reflect how many courses you are registered for. Example: If you registered for three courses, a “3” will be beside the cart.

vii. After you have registered for your last course, select **Checkout**.

viii. The next page will have a list of the courses that you would like to register for.

ix. You must click the “I have read and agree...” box under **Terms of Use** and then press **Continue**.

x. Select **New Card** if you have never paid by credit card with OLLI and complete all of the information. Select **Save This Card** so OLLI can automatically refund your card for dropped or canceled courses.

xi. Click **Continue**.

xii. The courses you have registered for will be on the next page. It will also say, “Click here for a printable page for your records” if you would like to print a copy for yourself.

**Offline**

a. Mail a Course Registration Form to the Penn State address on the form. Make your check out to Penn State, not OLLI. Do not send registration forms to the OLLI York office. (Course Registration Form is located at the back of this catalog.)

b. You may not hand-deliver your registration to the York OLLI this semester, see above.

* Registering online on January 25 is the most effective way to ensure that you get the courses you want. However, if you choose to mail your form to University Park (UP) you can mail the form as soon as you make your course selections. UP will keep the forms, in the order they were received, and submit your registration on January 25 if you are an OLLI member.

5. **Course Confirmation:** You can keep track of your courses in three ways.

   a. Immediately after you register, the online registration system will automatically send you an email for each course that you are registered. Save these emails.

   b. You can print a list of all your courses on one page during registration. (See **How to Register for Courses**/d/xii)

   c. If you do not have a computer, you can request that the OLLI office email a copy of your courses to you.

6. **Cancellation**

   a. Refunds for courses will be given in the form of credit only, no cash. Credit will only be given if you call the office at least one week before the start of the course.

   b. For a refund, multi-session courses must be canceled for all sessions. Cancellation (with refund) for particular sessions is not allowed.

   c. Because we must pay our tour/bus company based on the number of participants that originally register, refunds for bus trips will only be given if you call the office one month in advance of the trip.

   d. At the end of each semester, all credits will be given back to you. If you registered with a credit card, you will receive a refund soon after you cancel a course. If you paid by check, you will receive a check shortly after the semester ends.

7. **Wait List:** We are attempting to decrease the number of individuals who are put on a wait list. However, this will still occur at times. If you cannot attend a course for which you are registered, please call and let us know so we may add someone from the wait list. If you are on a wait list and a seat opens, our office will email and call the first on the list. If we do not get a response in 48 hours, we will call the next person on the list.

**General Information**

1. **Using a credit card for OLLI courses,** events, tours, and membership online. In the previous sections, instructions have been given to assist you in registering for courses and renewing your membership using a credit card. We accept Mastercard, Visa, and Discover. We have begun to encourage this for numerous reasons:

   a. When you enter your credit card online within our system and select **Save this Card,** you never have to do it again unless you cancel or get a new card.

   b. If you cancel a course (within seven days of the course start) you will receive a refund to your credit card within a few days.

   c. Your registration is not delayed by traveling through the mail to the University Park office.

   d. Since we will only hold credits for one semester, refunding through a credit card, versus mailing checks, saves time and money for OLLI.

2. **Classroom etiquette:**

   a. Cell phones off

   b. No fragrances

   c. Sign in with coordinator

   d. Respect others’ rights to hold opinions and beliefs that differ from your own.

   e. Thank your instructor

   f. Wait to have personal conversations until after class

   g. An online evaluation form will be sent within days of your course(s). Please complete so we can plan for future courses based on your desires as well as provide instructors with feedback.

3. **Inclement weather:** Since we will not be on the Penn State York campus this semester, we will abide by the policies of our host venues. It is your responsibility to check the following if there is inclement weather:

   a. OLLI at Penn State York’s Facebook page, @OLLIPennStateYork

   b. Our website, olli.york.psu.edu

   c. In the event of a two-hour delay, an email will be sent to all 11:00 a.m. class registrants informing them if the instructor is holding the class. A post will also be made on Facebook.

8. **Illness:** If you have an active cold or cough, please stay home and take care of yourself. If you have a fever or have knowingly been exposed to anyone who has tested positive for COVID, you must cease from coming to OLLI courses for two weeks. Thank you for keeping us all safe so that we can continue to meet in person!

ACKNOWLEDGMENT OF RISK, RELEASE OF LIABILITY, AND VIDEO/PHOTO CONSENT

I affirm that I am freely and willingly participating in the programming and activities offered by the Osher Lifelong Learning Institute at The Pennsylvania State University (“Program”). In consideration of my participation in the Program, I agree, on behalf of myself and my executors, heirs, assigns, and any other person claiming by, under, or through me, as follows:

1. I understand and acknowledge that participating in the Program activities involves certain risks (some of which I may not fully appreciate) and that injuries, death, property damage or other harm could occur to me or others. I recognize that I have the option to not participate in these activities instead of encountering these inherent risks. I knowingly and voluntarily accept, incur and assume all risks of any injuries, damages, or harm which arise during or result from my participation in the Program, even if arising from the negligence of the program or others.

2. I consent to The Pennsylvania State University (“Penn State”), its trustees, affiliates, officers, employees, agents (collectively, “Penn State Representatives”), to photograph, video record, or audio record me engaging in activities at the Program (the “Materials”). Without expectation of compensation or other remuneration, now or in the future, I hereby grant Penn State, the irrevocable right and license to use, reproduce, adapt, modify, distribute, display or otherwise exploit the Materials for promotional or educational purposes.

3. I hereby release and forever discharge Penn State, Penn State Representatives and their insurers of any responsibility or liability of any nature to me for any personal injuries, death, property damage, other harm that I may suffer or incur either directly or indirectly as a result of my participation in the Program or use of the Materials.

I HAVE CAREFULLY READ AND REVIEWED THIS ACKNOWLEDGMENT OF RISK, RELEASE OF LIABILITY, AND VIDEO/PHOTOGRAPH CONSENT. I UNDERSTAND IT FULLY AND I EXECUTE IT VOLUNTARILY WITH THE INTENT TO BE LEGALLY BOUND.
